

# Lake Michigan Monitoring Coordination Council

## Come Join Us!

**Monday, May 20  
5-7 PM  
at the National Monitoring Conference**

Following the workshop titled "Looking Beyond the Border: Building a Monitoring Framework for the Great Lakes Basin" the Council will be holding its Spring Meeting.

If you are involved in environmental monitoring in the Lake Michigan basin or are otherwise interested in regional monitoring coordination, please join us and learn about what we do. At this meeting we plan to address the following topics:

- ? Welcome and Council background
- ? Updates on monitoring activities in the basin
- ? Council workgroup updates
- ? U.S. EPA's Lake Michigan Diagnostic Case Study
- ? Future Council activities

Light refreshments will be served, and those interested will move on to dinner afterwards at a local restaurant.

If you have not done so already, please register for the conference at [www.nwqmc.org](http://www.nwqmc.org).
